Rittal Cards (for Quick payment)

Documentations

Version 1.0.0

How to use?

1. Add it in your root build.gradle at the end of repositories:
   maven { url 'https://jitpack.io' }

2. Add the dependency

   implementation 'com.github.Rittalsd:RittallCards:1.0.0'

Call checkOutIDRequest() method , This method execute checkOutIDRequest operations , just call it from an Activity or a fragment

```
RittalService.checkOutIDRequest(getApplicationContext(),
"orgUsrName",
        "orgPass", "appName",
        "amount","toPan",
        "baseUrl");
```
